SUMMARY

I am a Computer Science student at Darshan University specializing in full-stack web development. With a solid foundation in modern frameworks and technologies, I am skilled in creating user-friendly applications. My passion lies in developing efficient solutions and continuously enhancing my technical abilities through practical experience

PROJECTS

RMTS - Rajkot Mass Transport Service

12/2024 - 01/2025

https://rmts.somee.com

Rajkot Mass Transport Service application to improve public transport accessibility

- Developed the Rajkot Transport Management System (RMTS) using ASP.NET Core and SQL, providing real-time information on nearby bus stops within a 3 km radius, route suggestions, and detailed bus schedules
- Integrated user-centric features including an all-routes view, feedback module, and complaint management system, enhancing public transport accessibility and user experience

Exam Portal

11/2024 - 01/2025

An application for conducting online exams, result management, and user role administration

- Developed an Online Exam Portal using React, Node.js, and SQL with role-based access for students, teachers, and admins
- Included features such as online MCQ exams, result viewing for students, exam creation, and result management for teachers

Portfolio

02/2025 - 02/2025

https://yoginmaniya-portfolio.netlify.app

A personal portfolio website to demonstrate my work as a full-stack developer

- Developed a responsive personal portfolio website using HTML, CSS, and JavaScript to effectively showcase my full-stack development skills and projects.

KEY ACHIEVEMENTS
