## SUMMARY

I amaComputerScience student at Darshan University specializing in full-stack web development. With a solid foundation in modern frameworks and technologies, I am skilled in creating user-friendly applications. My passion lies in developing efficient solutions and continuously enhancing my technical abilities through practical experience

## PROJECTS

### RMTS - Rajkot Mass Transport Service (LIVE)

📅 12/2024 - 01/2025

🔗 https://rmts.somee.com

Rajkot Mass Transport Service application to improve public transport accessibility

- Developed the Rajkot Transport Management System  RMTS using **ASP.NET Core  MVC & Web API**  and **SQL**, providing real-time information on nearby bus stops within a 3 km radius, route suggestions, and detailed bus schedules
- Integrated user-centric features including an all-routes view, feedback module, and complaint management system, enhancing public transport accessibility and user experience

### Exam Portal

📅 11/2024  - 01/2025

An application for conducting online exams, result management, and user role administration

- Developed an Online Exam Portal using **React, Node.js,** and **SQL** with role-based access for students, teachers, and admins
- Included features such as online MCQ exams, result viewing for students, exam creation, and result management for teachers

### Portfolio (LIVE)

📅 02/2025  - 02/2025

🔗 https://yoginmaniya-portfolio.netlify.app

A personal portfolio website to demonstrate my work as a full-stack developer

- Designed and developed a responsive personal portfolio website using **HTML, CSS, and JavaScript** to showcase my full-stack development skills and highlight key projects.
